The Repatriation Medical Authority (the Authority) gives notice under section 196G of the *Veterans' Entitlements Act 1986* (the Act) that it intends to carry out an investigation under section 196B(4) of the Act to find out whether a Statement of Principles may be determined in respect of **obesity**.

The Authority invites the following persons and organisations to make written submissions to the Authority in respect of the investigation:

- any person eligible to make a claim for pension under Part II or Part IV of the *Veterans' Entitlements Act 1986*;

The Authority will hold its first meeting for the purposes of the investigation on **15 May 2001**.

Under the Act, the Authority is required to find out whether there is information and sound medical-scientific evidence that identifies "obesity" as a disease or injury according to the legislation and, if so, how obesity may be contracted or death from obesity may occur; or the extent to which obesity or death from obesity may be war-caused or defence-caused. Persons and organisations wishing to make a submission should obtain from the Repatriation Medical Authority Secretariat (at the address and phone number below) a copy of the *Repatriation Medical Authority Submission Guidelines*.
