

Statement of Principles

concerning

BENIGN PROSTATIC HYPERTROPHY

ICD CODE: 600

Veterans' Entitlements Act 1986
subsection 196B(3)

1. Being of the view that, on the sound medical-scientific evidence available to the Repatriation Medical Authority, it is more probable than not that **benign prostatic hypertrophy** and **death from benign prostatic hypertrophy** can be related to eligible war service (other than operational service) rendered by veterans and defence service (other than hazardous service) rendered by members of the Forces, the Repatriation Medical Authority determines, under subsection 196B(3) of the *Veterans' Entitlements Act 1986* (the Act), that the factor that must exist before it can be said that, on the balance of probabilities, **benign prostatic hypertrophy** or **death from benign prostatic hypertrophy** is connected with the circumstances of that service, is:
 - (a) inability to obtain appropriate clinical management for benign prostatic hypertrophy.
2. Subject to clause 3 (below) the factor set out in subparagraph **1(a)** must be related to any service rendered by a person.
3. The factor set out in paragraph **1(a)** applies only where:
 - (a) the person's **benign prostatic hypertrophy** was contracted before a period, or part of a period, of service to which the factor is related; and

(b) the relationship suggested between the **benign prostatic hypertrophy** and the particular service of a person is a relationship set out in paragraph 8(1)(e), 9(1)(e), or 70(5)(d) of the Act.

4. For the purposes of this Statement of Principles:

“benign prostatic hypertrophy” means an age-associated enlargement of the prostate resulting from proliferation of both glandular and stromal elements beginning, generally, in the fifth decade of life, attracting ICD code 600;

“ICD code” means a number assigned to a particular kind of injury or disease in the tenth edition of the *International Classification of Diseases* 9th Revision, effective date of 1 October 1993, copyrighted by the US Commission on Professional and Hospital Activities, and having the Library of Congress number 77-94472.

Dated this *Thirteenth* day of *April* 1995
