Determination

of

Statement of Principles

concerning

COLORECTAL ADENOMATOUS POLYP

ICD CODE: 211.3, 211.4

Veterans' Entitlements Act 1986

1. This Statement of Principles is determined by the Repatriation Medical Authority under subsection **196B(3)** of the *Veterans' Entitlements Act 1986* (the Act).

Kind of injury, disease or death

2. (a) This Statement of Principles is about **colorectal adenomatous polyp** and **death from colorectal adenomatous polyp**.

(b) For the purposes of this Statement of Principles, “**colorectal adenomatous polyp**” means a benign epithelial tumour in which the cells form recognisable glandular structures and which arises in the mucous membrane of the large intestine, excluding benign neoplasms of the anal canal and familial polyposis coli, attracting ICD code 211.3 or 211.4.

Basis for determining the factors

3. On the sound medical-scientific evidence available, the Repatriation Medical Authority is of the view that it is more probable than not that **colorectal adenomatous polyp** can be related to relevant service rendered by veterans or members of the Forces.

Factors that must be related to service

4. Subject to clause 6, at least one of the factors set out in the paragraphs in clause 5 must be related to any relevant service rendered by the person.

Factors

5. The factors that must exist before it can be said that, on the balance of probabilities, **colorectal adenomatous polyp** or **death from colorectal adenomatous polyp** is connected with the circumstances of a person's relevant service are:
- (a) smoking cigarettes or other tobacco products equivalent to at least 15 pack years within any 30 year period before the clinical onset of a colorectal adenomatous polyp; or
 - (b) drinking at least 250 kilograms of alcohol (contained within alcoholic drinks) within any 20 year period before the clinical onset of a colorectal adenomatous polyp; or
 - (c) having had an altered dietary pattern resulting in a 50% increase in animal fat consumption and a 50% decrease in dietary fibre consumption for at least 20 years before the clinical onset of a colorectal adenomatous polyp; or
 - (d) inability to obtain appropriate clinical management for a colorectal adenomatous polyp.

Factors that apply only to material contribution or aggravation

6. Paragraph 5(d) applies only to material contribution to, or aggravation of, colorectal adenomatous polyp where the person's colorectal adenomatous polyp was suffered or contracted before or during (but not arising out of) the person's relevant service; paragraph 8(1)(e), 9(1)(e) or 70(5)(d) of the Act refers.

Other definitions

7. For the purposes of this Statement of Principles:

“alcohol (contained within alcoholic drinks)” is measured by the alcohol consumption calculations utilising the Australian Standard of 10 grams of alcohol per standard alcoholic drink;

“animal fat” means fat contained in or derived from:

- (a) beef, veal, pork, mutton or lamb or offal which may be in any form, for example, main dish, sandwich or mixed dish; in preserved meats, ham, frankfurters, sausages, salami, bologna, deli meat items, lard and bacon; and
- (b) dairy products, for example: milk, cream, sour cream, sherbet or ice milk, icecream, yogurt, cottage cheese, ricotta cheese, cream cheese, other cheese and butter;

“dietary fibre” means that part of food consumed, particularly in vegetables, fruits and cereals, that resists digestion by gastrointestinal enzymes in the gastrointestinal tract;

“ICD code” means a number assigned to a particular kind of injury or disease in the Australian Version of The International Classification of Diseases, 9th revision, Clinical Modification (ICD-9-CM), effective date of 1 July 1995, copyrighted by the National Coding Centre, Faculty of Health Sciences, University of Sydney, NSW, and having ISBN 0 642 22235 5;

“pack-year” means 7300 cigarettes, or 1460 cigars, or 7.3kg of pipe tobacco;

“relevant service” means:

- (a) eligible war service (other than operational service); or
- (b) defence service (other than hazardous service).

Dated this *Sixteenth* day of *January* 1996
