Veterans' Entitlements Act 1986

1. The Repatriation Medical Authority amends, under subsection 196B(2) of the *Veterans' Entitlements Act 1986* (the Act), Instrument No.46 of 2002 by:
 - A. in paragraph 5, deleting factor (g) and factor (t) and inserting in their place the following factors:
 - “(g) suffering an injury to the lumbar spine which has resulted in permanent ligamentous instability of the lumbar spine before the clinical onset of lumbar spondylosis; or”
 - “(t) suffering an injury to the lumbar spine which has resulted in permanent ligamentous instability of the lumbar spine before the clinical worsening of lumbar spondylosis; or”
 - B. in paragraph 8, deleting the definition of “**permanent ligamentous instability**” and inserting in its place the following definition:
 - “**permanent ligamentous instability of the lumbar spine**’ means radiological evidence on flexion and extension lateral radiographs of either:
 - (i) anteroposterior motion of one vertebra over another in the lumbar spine that is greater than 4.5 mm, or

- (ii) angular motion between L1 and L2 greater than 15 degrees, or
- (iii) angular motion between L2 and L3 greater than 15 degrees, or
- (iv) angular motion between L3 and L4 greater than 15 degrees, or
- (v) angular motion between L4 and L5 greater than 20 degrees, or
- (vi) angular motion between L5 and S1 greater than 25 degrees;”

2. The amendments made by this instrument apply to all matters to which Instrument No.46 of 2002 and section 120A of the Act apply.

Dated this *Twenty-First* day of *November* 2002
