## **1 Name**

This is the Statement of Principles concerning *seborrhoeic keratosis (Balance of Probabilities)* (No. 20 of 2024).

## **2 Commencement**

This instrument commences on **26 March 2024**.

## **3 Authority**

This instrument is made under subsection 196B(3) of the *Veterans' Entitlements Act 1986*.

## **4 Repeal**

The Statement of Principles concerning seborrhoeic keratosis No. 56 of 2015 (Federal Register of Legislation No. F2015L00251) made under subsection 196B(3) of the VEA is repealed.

## **5 Application**

This instrument applies to a claim to which section 120B of the VEA or section 339 of the *Military Rehabilitation and Compensation Act 2004* applies.

## **6 Definitions**

The terms defined in the Schedule 1 - Dictionary have the meaning given when used in this instrument.

## **7 Kind of injury, disease or death to which this Statement of Principles relates**

- (1) This Statement of Principles is about seborrhoeic keratosis and death from seborrhoeic keratosis.

### *Meaning of seborrhoeic keratosis*

- (2) For the purposes of this Statement of Principles, seborrhoeic keratosis:
  - (a) means a benign intra-epidermal skin tumour arising from the proliferation of basaloid keratinocytes with histopathological architecture of a papilloma with a flat base and a hyperkeratotic crown; and
  - (b) includes:
    - (i) basal cell papilloma;
    - (ii) dermatosis papulosa nigra;
    - (iii) pigmented seborrhoeic keratosis;
    - (iv) seborrhoeic wart;
    - (v) stucco keratosis; and

- (vi) Leser-Trélat sign/disease; and
- (c) excludes:
  - (i) seborrhoeic dermatitis;
  - (ii) seborrhoeic psoriasis; and
  - (iii) solar keratosis.
- (3) While seborrhoeic keratosis attracts ICD-10-AM code L82, in applying this Statement of Principles the meaning of seborrhoeic keratosis is that given in subsection (2).
- (4) For subsection (3), a reference to an ICD-10-AM code is a reference to the code assigned to a particular kind of injury or disease in *The International Statistical Classification of Diseases and Related Health Problems, Tenth Revision, Australian Modification* (ICD-10-AM), Tenth Edition, effective date of 1 July 2017, copyrighted by the Independent Hospital Pricing Authority, ISBN 978-1-76007-296-4.

#### *Death from seborrhoeic keratosis*

- (5) For the purposes of this Statement of Principles, seborrhoeic keratosis, in relation to a person, includes death from a terminal event or condition that was contributed to by the person's seborrhoeic keratosis.

Note: *terminal event* is defined in the Schedule 1 – Dictionary.

### **8 Basis for determining the factors**

On the sound medical-scientific evidence available, the Repatriation Medical Authority is of the view that it is more probable than not that seborrhoeic keratosis and death from seborrhoeic keratosis can be related to relevant service rendered by veterans or members of the Forces under the VEA, or members under the MRCA.

Note: *MRCA*, *relevant service* and *VEA* are defined in the Schedule 1 – Dictionary.

### **9 Factors that must exist**

At least one of the following factors must exist before it can be said that, on the balance of probabilities, seborrhoeic keratosis or death from seborrhoeic keratosis is connected with the circumstances of a person's relevant service:

- (1) inability to obtain appropriate clinical management for seborrhoeic keratosis before clinical worsening.

### **10 Relationship to service**

- (1) The existence in a person of any factor referred to in section 9, must be related to the relevant service rendered by the person.
- (2) The factor set out in subsection 9(1) applies only to material contribution to, or aggravation of, seborrhoeic keratosis where the

person's seborrhoeic keratosis was suffered or contracted before or during (but did not arise out of) the person's relevant service.

**11 Factors referring to an injury or disease covered by another Statement of Principles**

In this Statement of Principles:

- (1) if a factor referred to in section 9 applies in relation to a person; and
- (2) that factor refers to an injury or disease in respect of which a Statement of Principles has been determined under subsection 196B(3) of the VEA;

then the factors in that Statement of Principles apply in accordance with the terms of that Statement of Principles as in force from time to time.
